LEARNING

FLYOVER TAKEOVER

Dance, music, theatre, art, cycling, walking & exploring. This summer in a festival celebrating culture & community, The Flyover comes back to life.

We're inviting artists, dancers, musicians and performers to add colour, movement and light. By September, the artists will be ready to propose activities and installations for next year's cultural programme.

We start with Maverick City, a chance to learn from interesting ideas around the world. Then, across five Sundays in July, August and September we close the Dale Street branch of The Flyover as a road and transform it into a place for free culture and community get togethers.
